

State of Tennessee Group Insurance Program Annual Enrollment Transfer Period Update

Hospitals in 2012 Upper East Tennessee Networks (as of 10/12/11)

CIGNA has advised the State that the current agreement between **Mountain States Health Alliance (MSHA) and CIGNA will end January 1, 2012**. This means that the hospitals, facilities and physicians of MSHA will be considered **out-of-network providers** for the State of Tennessee Group Insurance Program beginning January 1, 2012.

The following is a list of upper east Tennessee hospitals that are in the **BlueCross BlueShield (BCBS) Network S** and **CIGNA OpenAccess Plus** provider networks for the 2012 plan year. Networks do change from time to time. This is not a complete listing of all the providers in upper east Tennessee. Call the BCBS and CIGNA service centers to make sure that the facilities and doctors you want to use are in the 2012 provider network that you choose during the Annual Enrollment Transfer Period (AETP), which runs now through Nov 1, 2011.
